DAY 01 | PART 1

Welcome to the AWS with DevOps Bootcamp

How the bootcamp runs, what to expect in the first weeks, and why we start with the cloud.

Roadmap | Live classes | Recordings

WHAT YOU WILL LEARN

Welcome to the AWS with DevOps Bootcamp

EWB COURSES
LEARN. ELEVATE. EMPOWER.

1. Know how the live classes and recordings work
2. See the plan for the first few classes
3. Understand what the AWS Cloud Made Simple guide covers
4. Prepare notes and tools before the next class

How the bootcamp works

EWB COURSES
LEARN. ELEVATE. EMPOWER.

Live classes

Classes run on Zoom in the evening. Join on time and keep your notes open.

Recordings and PDFs

Every class is recorded and shared with a matching PDF so you can revise at your own pace.

Hands-on practice

From the second class we open the AWS console together and build real servers.

Ask doubts

Post questions in the class group - every doubt helps someone else too.

ROADMAP

The first classes at a glance

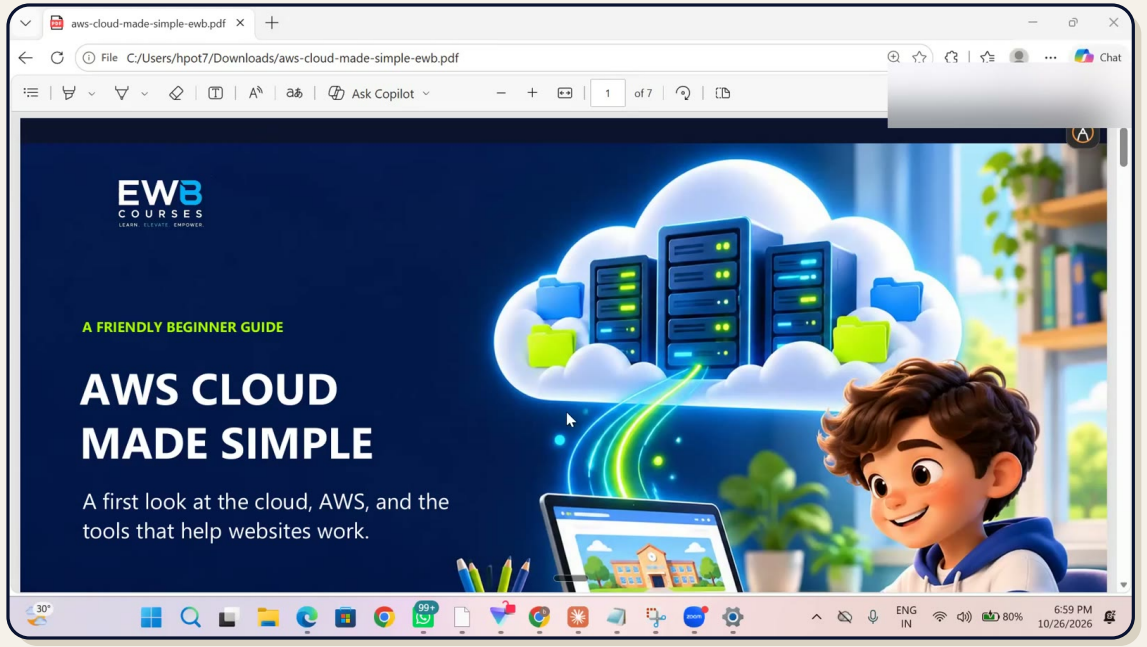

EWB COURSES
LEARN. ELEVATE. EMPOWER.

CLASS	TOPIC	YOU WILL BE ABLE TO
Day 1	Cloud basics and AWS overview	Explain cloud, regions and the four core services
Day 2	Windows server on EC2	Launch and log in to a Windows instance
Day 3	Linux server and commands	Create a Linux instance and use basic commands
Day 4	File transfer, Elastic IP, web server	Move files and publish a web page

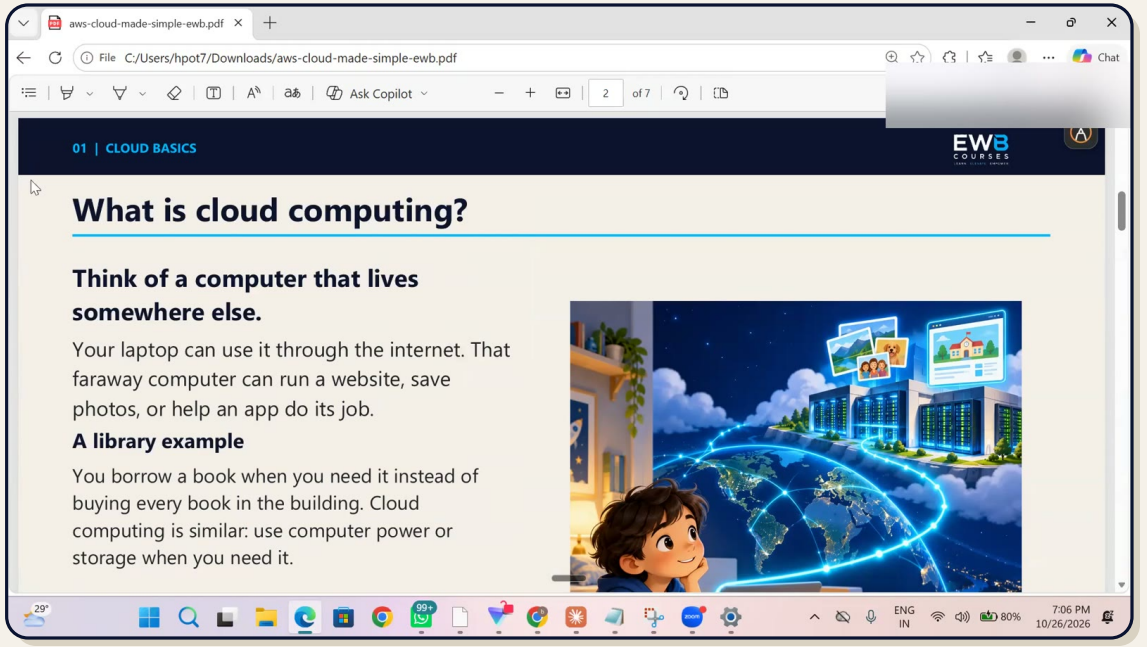

REMEMBER Keep a simple notebook for each class: what we did, the commands, and your own doubts.

FROM THE CLASS

Day 1 materials

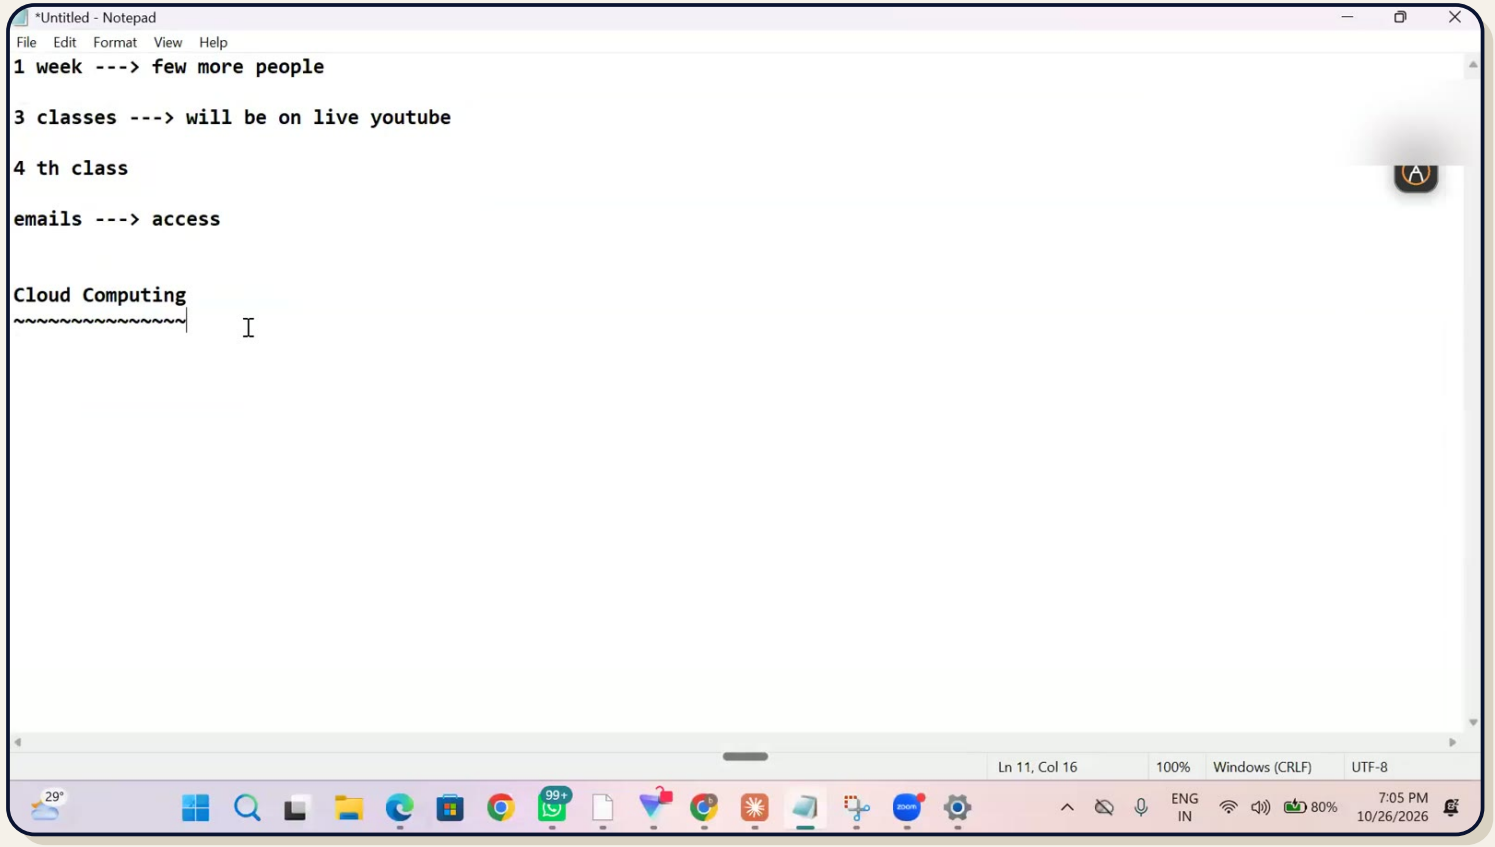

AWS Cloud Made Simple - the guide for today

Next topic in the guide: what is cloud computing?

FROM THE CLASS

Taking good notes

A moment from the recording for this part.

Short and clear

Write the idea in your own words, then add the command or term next to it.

Review the same day

Ten minutes of review after class doubles how much you remember.

QUICK RECAP

What to remember

- Live class + recording + PDF for every session
- Hands-on practice starts from Day 2
